

# Proxy-Disclosed Data On The CEO Pay Ratio

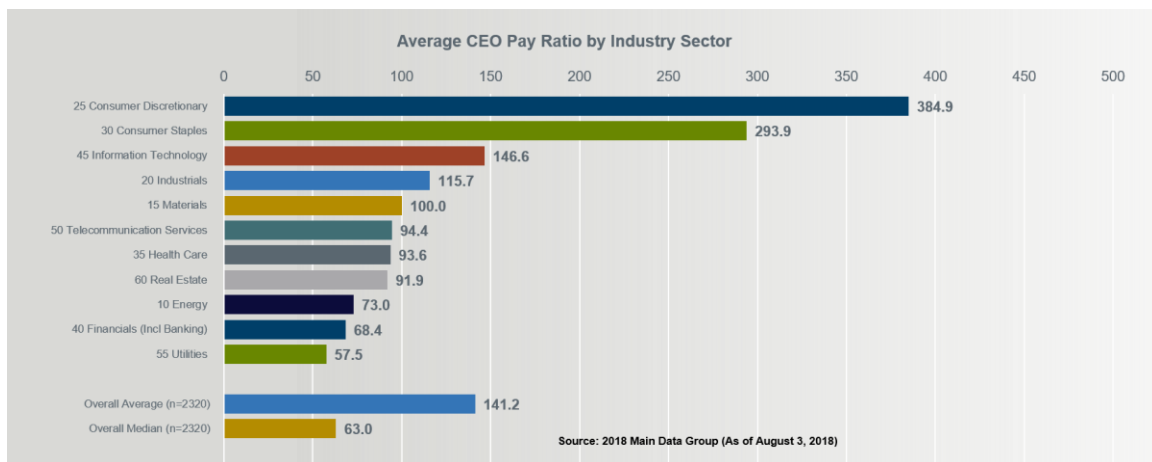

TRENDS REPORT

---

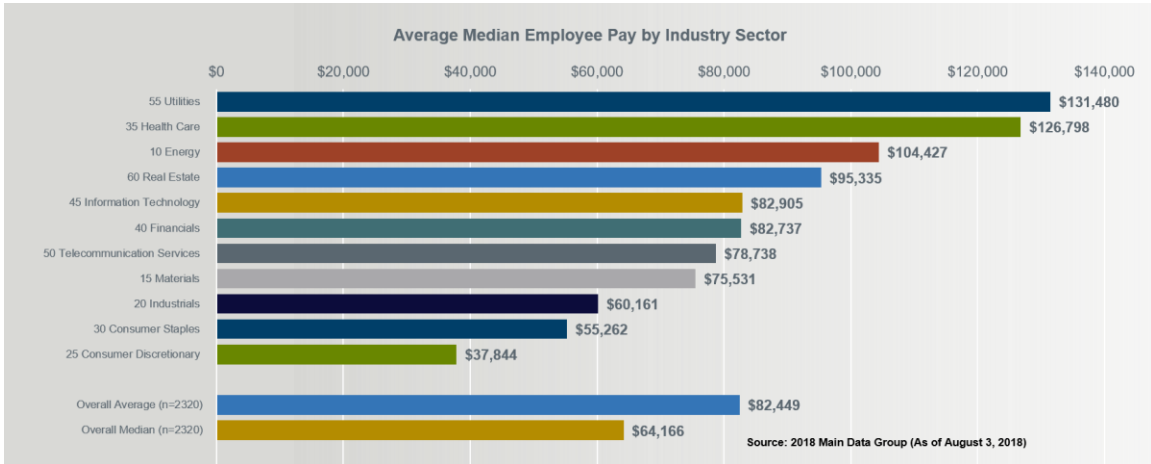

The CEO Pay Ratio is finally here. As public companies in the U.S. are filing their proxies for 2017, the CEO Pay Ratio disclosures are a top item of interest. Main Data Group is continually tracking this incoming data and will be publishing a periodic update on the ratios by industry, by company revenue, and by size of the organization's workforce. We will also be featuring information on the elements of pay that companies are including in their definition of Consistent Applied Compensation Measurement (CACM) and the number of companies taking advantage of allowed Adjustments and Exemptions.

Main Data Group clients have access to additional CEO Pay Ratio data through their subscription. For more information about the benefits of a Main Data Group subscription, [contact us](#) or call (408) 776-1000.
